

ERRATA CORRIGE

In the paper entitled:

VIABILITY OF OLD HOUSE BORER (*HYLOTRUPES BAJULUS*) LARVAE EXPOSED TO A CONSTANT MAGNETIC FIELD OF 98 MT UNDER LABORATORY CONDITIONS

SNEŽANA RAUŠ, DAJANA TODOROVIĆ, and Z. PROLIĆ

Laboratory of Magnetobiology and Behavior, Siniša Stanković Institute for Biological Research, 11060 Belgrade, Serbia

and published in Arch. Biol. Sci. Belgrade, 61(1), 2009, 129-134

Figure 4 should read:

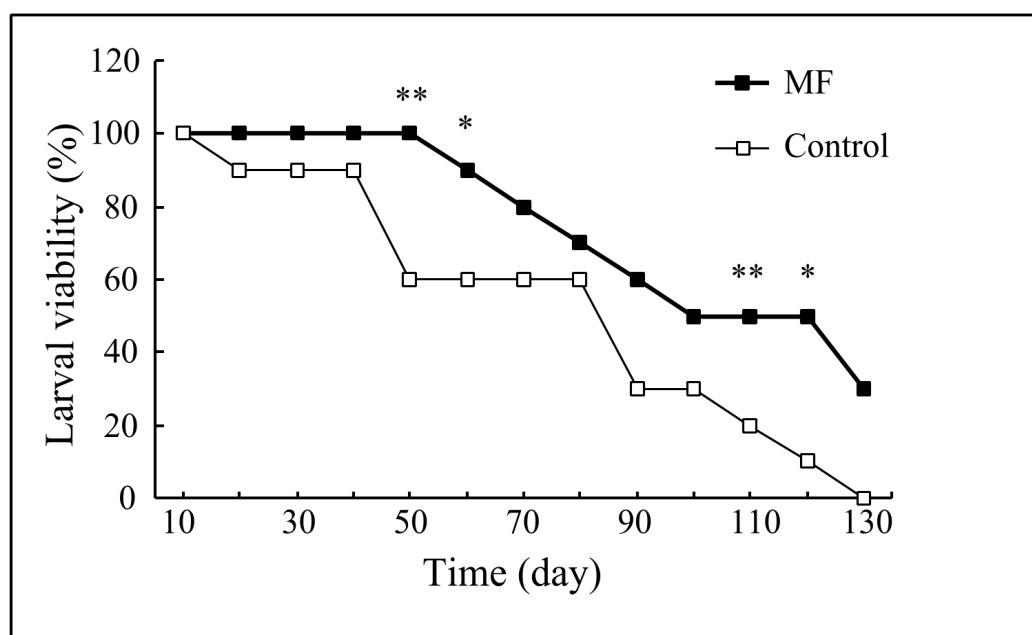

Fig. 4. Influence of a constant magnetic field (98 mT) on larval viability. * $p < 0.05$ and ** $p < 0.01$ indicate significant differences compared to the control (Z test).
